

Cows' Chorus Line

Verse 1

One cow, then two cows, then three cows, then four.
Watch those hoofers strut their stuff, but there's room for more.
Five cows, then six cows, then seven cows and eight.
Come and join our chorus line. Hurry don't be late!

Chorus

We're gonna kick our hoofs nice and high.
Right hoof, left hoof to the sky.
Kick those hoofs, that's the plan.
Now do the milk shake.
Milk it for all you can.
Milk shake, do the milk shake.
Shake it all around, now shake it to the ground.
Milk shake, yeah, that's the plan.
We'll milk it for all we can!

Verse 2

Open the barn door 'cause here come some more.
Udderly amazing cows like you've never seen before.
High steppin' strutters, the udders just won't do.
If you're wond'rin' where's the beef?
We're right in front of you!

Chorus

Ending

Milk it now, ev'ryone, 'cause cow palace, here we come!
