

# Let's Go

## Chorus

Let's go! Join in the celebration.  
Use our imagination!  
Don't let the moment slip away.  
Let's go! We should be up creating.  
No time for hesitating.  
Now is our time to seize the day.

## Verse 1

Get up from the couch.  
Turn off the television.  
Let's exercise our creativity.  
We've got all we need.  
Good friends and good ideas.  
It's time to set those good ideas free.

## Chorus

## Verse 2

If we take a box  
And our imagination.  
We've got a world of possibilities.  
It could be a house,  
A pirate ship a rocket.  
There's just no end to what the box could be.
