

## **Destination America**

Destination America (Destination America)  
Destination America (Destination America)

We've got rock 'n roll and Broadway flash,  
Jazz with shades of blue.  
Hop a song and ride the wave,  
We're comin' back for you!

Motown calls me, Nashville too;  
Hear those guitars go!  
Hit the road, don't stop the beat,  
It's music town you know!

Go and grab a guitar,  
A keyboard or two.  
Headin' for Seattle,  
Stardom's waitin' for you!  
Music is the answer,  
It speaks to the soul.  
Hop a plane to Cleveland;  
Home of rock 'n roll  
Motown's got me groovin',  
It's really the thing.  
Get the band a cookin'  
Cause we're ready to sing
