

# Snow Day!

## **Verse 1**

What is the forecast? Could it be snow?  
Temp'ature's falling, to twenty below.  
So tonight I will be list'ning,  
To my weather radio,  
Just to see what's in the forecast.  
Is it snow, snow, snow, snow, snow?

## **Chorus**

We're gonna have a snow day, snow day.  
I hope we have a snow day.  
I hope the forecast is right.  
Snow day, snow day.  
I really want a snow day.  
I want a blizzard tonight.  
We need a snow day, snow day,  
A very merry snow day.  
And it will be here soon.  
I've been waiting since September,  
Even tho' I must remember,  
We'll make it up in June.

## **Verse 2**

Look out the window. Clouds in the sky.  
Maybe tomorrow the snow will be high.  
This will not just be a flurry,  
For the wind is starting to blow.  
This will be a great big blizzard,  
Full of snow, snow, snow, snow, snow.

## **Chorus**

## **Coda (Ending)**

A snow day. Snow day.  
Let it snow, today!
